RE: Water Right Inquiry

Dear Mr Jepsen:

It was a pleasure to talk with you today.

As I promised, this package contains a copy of Decreed Water Right 3-10157. 3-10157A and 3-10157B have been recombined into 3-10157 and decreed to you.

This right was decreed in 2007. It becomes subject to forfeiture upon 5 years of continuous non-use. 2008-2012 is 5 years.

A quick review of some of the available aerial photography confirms that you have not regularly irrigated the place-of-use associated with this right. If you had resumed use during the 2013 irrigation season or during any season from 2008 to 2013, the right would be in good standing. If the right is challenged, the department will analyze the use since the decreed date and may find that this right has been forfeited due to non-use.

I hope that this provides you the information you need.

Please feel free to contact either this office or the western region office if you have additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michele Edl'.
