Re: Transfer 76133 Withdrawal

Dear Mr. Merritt:

Pinnacle Great Plains Operating Company, LLC recently purchased a farm in the Bridge, Idaho area from Wynn and Jeannine Dewsnup that included stock and commercial water rights 43-13656, 43-13659 and 43-13661. Water rights 43-13656, 43-13659 and 43-13661 were created when Transfer 76133 was approved by IDWR in 2010. Transfer 76133 was applied for by Mr. Dewsnup in an effort to provide an adequate water supply for a proposed dairy facility. The dairy facility was never constructed and Pinnacle Great Plains Operating Company, LLC, purchased the dairy site, water rights and surrounding farm area.

The ownership of 43-13656, 43-13659 and 43-13661 was recently changed to Pinnacle Great Plains Operating Company, LLC.

Pinnacle Great Plains Operating Company, LLC does not intend to construct the dairy facility and desires to withdraw Transfer 76133 and return 43-13656, 43-13659 and 43-13661 to 206.0 acres of irrigation water.

Sincerely,

Signature

RE: Change of Ownership for Water Right Nos. – See attached list

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights from Wynn Dewsnup Family Revocable Trust to Pinnacle Great Plains Operating Comapny LLC. The department has modified its records to reflect the change in ownership.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Trish Fawcett
Technical Records Specialist

OPERATING AGREEMENT
OF
PINNACLE MOUNTAIN HOLDING COMPANY, LLC

WHEREAS, on 5-25, 2011, Heartsill Ragon III, as incorporator, formed a limited liability company pursuant to and under the provisions of the Arkansas Small Business Entity Tax Pass Through Act, as amended (the "Act"), by having the Articles of Organization of PINNACLE MOUNTAIN HOLDING COMPANY, LLC (the "Company") filed with the Secretary of State of Arkansas; and

WHEREAS, ARKANSAS TEACHER RETIREMENT SYSTEM, the sole member of the Company (the "Member"), deems it important and in the best interest of the Company that certain rules regarding the management and operations of the Company be set forth;

NOW, THEREFORE, the Member hereby agrees as follows:

ARTICLE I - OPERATING AGREEMENT ADOPTION: PRIORITY OF AUTHORITIES; PURPOSE

Section 1.1. Operating Agreement Adoption. The Member agrees that this Operating Agreement is hereby adopted by the Company to govern the internal business and affairs of the Company, and that all actions taken by the Organizer of the Company are hereby ratified, adopted, and approved.

Section 1.2. Priority of Authorities. The terms and provisions of this Operating Agreement shall be controlling except to the extent the terms and provisions hereof are in direct conflict with the Articles of Organization of the Company, as now in existence and as amended from time to time (the "Articles"), or the Act, in which event the provisions of the latter document or law shall be controlling.

Section 1.3 Purpose of Company. The Company has been formed for the purpose of (a) holding, either directly or indirectly, ownership of farmland investment properties and related assets, (b) holding, either directly or indirectly, ownership in other business entities that might own farmland investment properties and related assets, (c) holding ownership in other assets that the Member might designate from time to time, and/or (d) otherwise being involved in any business or other activities that are not prohibited by law.

ARTICLE II - OFFICES; RESIDENT AGENT

Section 2.1. Offices. The Company's location and the address of the company's registered office in the State of Arkansas shall be set forth in the Articles, until changed as provided by the Act. The Company shall continuously maintain a registered office in the State of Arkansas. The Company may also have such other offices and places of business, within or without the State of Arkansas, as the Member may determine from time to time or as the business of the Company may require.

Section 2.2. Resident Agent. The name and address of the Company's registered agent in the State of Arkansas shall be as set forth in the Articles until changed as provided by the Act.

ARTICLE III - MANAGER

Section 3.1 Manager.

(i) The management of the Company's business shall be vested exclusively in a Manager elected by the Member. The Member does hereby, as evidenced by its signature below, unanimously elect HALDERMAN FARM MANAGEMENT SERVICE, INC. as the Company's initial Manager. To the extent allowed hereunder, the Manager shall have the authority to sign agreements and other instruments on behalf of the Company without the joinder of Member or any other persons.

(ii) The Manager shall perform his duties as a manager in good faith, in a manner he reasonably believes to be in the best interests of the Company, and with such care as an ordinarily prudent person in a like position would use under similar circumstances.

(iii) The Manager is an agent of the Company for the purpose of its business, and the act of the Manager, including the execution in the Company name of any instrument for apparently carrying on in the usual way the business of the Company, binds the Company, unless such act is in contravention of the Articles or this Operating Agreement, or unless the Manager so acting otherwise lacks the authority to act for the Company and the person with whom he is dealing has knowledge of the fact that he has no such authority.

Section 3.2 Powers of the Manager. The Manager shall have the right and authority to take all actions that the Manager deems necessary, useful, or appropriate for the day-to-day management and conduct of the Company's business.

The Manager may exercise all powers of the Company and do all such lawful acts and things as are not by statute, the Act, the Articles, or this Operating Agreement, directed or required to be exercised or done by the Member. All instruments, contracts, agreements and documents providing for the acquisition, mortgage or disposition or property of the Company shall be valid and binding on the Company if executed by the Manager. All instruments, contracts, agreements, and documents of whatsoever type executed on behalf of the Company shall be executed in the name of the Company by the Manager.

It is recognized and understood that the Manager is serving the Company pursuant to the terms and conditions of a certain Farmland Management Agreement dated as of March 31, 2001 (the "Management Agreement") that has been entered into by and between the Manager and the Member and that, pursuant to the provisions of the Management Agreement, extensive unilateral power has been granted to the Manager to implement the business plan of the Company as outlined therein.

Section 3.3 Salaries. The Company shall pay to the Manager that salary and other compensation that is specified in the Management Agreement.

Section 3.4 Resignation of Manager. The Manager may resign from his position as a manager at any time by notice to the Member. Such resignation shall become effective as set forth in such notice.

Section 3.5 Termination of Manager. The Manager shall serve as the manager and chief executive officer of the Company so long as the Management Agreement remains in full force and effect. Upon the termination of the Management Agreement, either for cause or otherwise, then the Manager's service, duties and obligation hereunder shall contemporaneously cease and terminate.

ARTICLE IV - MEETINGS OF THE MEMBER

Section 4.1. Place. Meetings of the Member may be held anywhere, either within or without the State of Arkansas, as may be determined from time to time by the Member.

Section 4.2. Meetings. Meetings of the Member for any purpose or purposes may be called by any Member. Such request shall state the purpose or purposes of the meeting.

Section 4.3. Notice. Not less than five (5) nor more than thirty (30) days before any meeting of the Member, written or printed notice stating the time and place thereof and, if a meeting, the purpose or purposes of which such meeting is called, shall be served upon or mailed to each Member entitled to vote thereat, at the address of such Member as provided in this Operating Agreement.

Section 4.4. Proxies. At any meeting of the Member, a Member may vote by proxy entered in writing by the Member or by his duly authorized attorney-in-fact. Such proxy shall be presented at the time of the meeting. Unless otherwise provided therein, a proxy shall not be valid more than three (3) months after the date of its execution.

Section 4.5. Waiver of Notice. Whenever written notice is required to be given to Member, a written waiver thereof signed by any Member entitled to such notice (whether, in the case of notice of a meeting, the written waiver thereof is signed before or after the meeting) shall be in all respects tantamount to notice. A Member's attendance in person at any meeting of the Member shall for all purposes constitute waiver of notice thereof unless the Member attends the meeting for the sole purpose of objecting to the transaction of any business thereat because the meeting is not lawfully called or convened and unless such Member so objects at the beginning of the meeting and does not otherwise participate therein.

Section 4.6. Consent of Members in Lieu of Meeting. Any action required to or which may be taken at any meeting of the Members may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by all of the Members.

Section 4.7. Participation by Means of Communication Equipment. Any Member may participate in any meeting of the Member by means of conference telephone or similar communications equipment that enables all persons participating in the meeting to hear and speak to each other. Such participation shall constitute presence in person at such meeting.

ARTICLE V - CAPITAL AND CAPITAL ACCOUNTS

Section 5.1. Capital Contributions. Member shall contribute to the capital of the Company an amount in cash equal to $100.

Section 5.2. Additional Capital Contributions. Member shall not be obligated to contribute additional funds to the Company unless agreed to by Member.

Section 5.3. Interests in the Company. Member's "interest" in the Company shall be 100%, and Member shall be deemed the sole and exclusive owner and holder of all of the equity ownership interest in and to the Company. Notwithstanding the foregoing, it is acknowledged that Manager possesses certain profit participation rights that are more fully set forth and indentified in the Management Agreement.

Section 5.4. Capital Accounts. Capital accounts shall be established and maintained for each Member in accordance with tax accounting principles and, to the extent they provide otherwise, with valid regulations issued by the U.S. Treasury Department under Section 704(b) of the Internal Revenue Code of 1986, as amended (the "Code").

ARTICLE VI - COMPANY PROFIT AND LOSS

Section 6.1. Division. All income, gain, deductions, credits and losses of the Company shall be charged or credited wholly to the capital account of the Member in accordance with its respective interest.

Section 6.2. Incentive Compensation. Notwithstanding the foregoing, it is agreed and understood that the Manager is entitled to receive in addition to that regular compensation payable that incentive compensation that is specified in the Management Agreement.

ARTICLE VII - MANAGEMENT REPORTS AND DISTRIBUTIONS

Section 7.1. Reports. The Manager shall provide the Company and the Member with those financial and operational reports that are required under and pursuant to the Management Agreement.

Section 7.2. Distributions to Member. Member shall be entitled to those profit, loss and cash flow distributions that are contemplated in the Management Agreement, as adjusted so as to reflect that incentive compensation that is payable to Manager as specified in the Management Agreement.

ARTICLE VIII - BOOKS AND RECORDS

Section 8.1. Books and Records. The books and records of the Company shall be kept at the Member's office, or at such other places, within or without the State of Arkansas, as the Member shall from time to time determine. The following shall be kept at the Company's registered office: (1) a current and a past list, setting forth the full name and last known mailing address of each member and manager, if any, set forth in alphabetical order; (2) a copy of the Articles and all articles of amendment thereto, together with executed copies of any powers of attorney pursuant to which any Articles have been executed; (3) copies of the Company's federal, state, and local income tax returns and reports, if any, for the three (3) most recent years, or if such returns and reports were not prepared for any reason, copies of the information and records provided to, or which should have been provided to, the Member to enable it to prepare its federal, state, and local tax returns for such period; (4) copies of any effective written operating agreements, and all amendments thereto, and copies of any written operating agreements no longer in effect; (5) copies of any financial statements of the Company for the three (3) most recent years; (6) unless contained in the Operating Agreement, (a) the amount of cash and a statement of the agreed values of other property or services contributed by each member and the times at which or events upon the happening of which any additional contributions agreed to be made by each member are to be made, (b) information that would enable a member to determine the relative voting rights of Member on a particular matter if such voting rights are other than on a per capita basis, and (c) any events upon the happening of which the Company is to be dissolved and its affairs would up; (7) copies of any written promise by a member to make a contribution to the Company, (8) copies of any written consents by Member to the admission of any person as a member of the Company, (9) copies of any written consents by the members to continue the Company upon an event of withdrawal of any member; (10) copies of any other instruments or documents reflecting matters required to be in writing pursuant to the Operating Agreement.

Section 8.2. Right of Inspection. Any Member of record shall have the right to examine, at any reasonable time or times for all purposes, the books and records of account, minutes and records of the Company and to make copies thereof at such Member's expense. Such inspection may be made by any agent or attorney of the Member. Manager agrees that Member of Member's designated agent may review any and all records related to the Company that Manager may possess at any time in accordance with the provisions of the Management Agreement.

ARTICLE IX - TRANSFERS OF INTERESTS; ADDITIONAL MEMBERS

Section 9.1. Transfers. A Member may assign or transfer its interest in the Company; however, an assignee or transferee shall not become a Member unless all of the remaining Members consent in writing to the assignment or transfer and the assignee or transferee complies with Section 9.4 below. Absent such consent, an assignee or transferee is entitled to receive only the share of income, gain deductions, credits and losses and the return of contributions to which the assigning or transferring Member would otherwise be entitled.

Section 9.2. Additional Members. Additional Members may be admitted to the Company only upon the written consent of Members owning at least a majority of the interests in the Company and upon compliance with Section 9.4 below.

Section 9.3. Limitations. Assignments and transfers of interests in the Company shall be subject to, and the assignee or transferee shall acquire the assigned or transferred Company interest subject to, all of the terms and provisions of this Operating Agreement. An assignment or transfer of an interest in the Company shall not relieve the assigning or transferring Member from its duties and obligations to the Company unless all of the other Members agree in writing to release such Member.

Section 9.4. Membership of Assignee, Transferee or Additional Member. No assignee, transferee or additional Member shall become a Member until such assignee, transferee or additional Member shall have:

(a) become a party to, and adopted all of the terms and conditions of, this Operating Agreement;

(b) if such assignee, transferee or additional Member is a corporation, partnership (general or limited), trust or limited liability company, provided all the other members with evidence satisfactory to counsel for the Company of such assignee's, transferee's or additional Member's authority to become a Member under the terms and provisions of this Operating Agreement; and

(c) paid or agreed to pay the costs and expenses incurred by the Company in connection with such assignee's, transferee's or additional Member's becoming a Member;

provided however, that for the purpose of allocating Company income, gain, deductions, credits or losses, an assignee, transferee or additional Member shall be treated as having become, and as appearing in the records of the Company as a Member on such date as the assignment or transfer was consented to pursuant to Section 9.1 hereof or on such date as the admittance of the additional Member was consented to pursuant to Section 9.2 hereof.

ARTICLE X - DISSOLUTION OF THE COMPANY

Section 10.1. Dissolution. The Company shall be dissolved when Member determines in writing to dissolve the Company.

Section 10.2. Liquidation. As soon as possible after dissolution of the Company becomes effective, the Member shall wind up the Company's business and affairs. In this regard:

(a) to the extent the Member deems appropriate, all material, equipment, and real and personal property of the Company of any kind or nature shall be sold for cash

and the proceeds thereof shall be credited to the Member's capital account or to the account of Manager in accordance with the provisions of the Management Agreement;

(b) the Member shall:

(i) pay all of the Company's debts, liabilities and obligations to its creditors (including Members who may also be creditors);

(ii) pay any amounts owed to the Manager under the Management Agreement; and

(iii) pay all expenses incurred in connection with the dissolution and liquidation of the Company and distribution of its assets as herein provided;

(c) Member shall ascertain the fair market value by appraisal or other reasonable means of all assets of the Company remaining unsold, and Member's capital account shall be charged or credited, as the case may be, as if such property had been sold at such fair market value and the gain or loss realized thereby had been allocated to and among the Member;

(d) on or as soon as practicable after the effective date of the dissolution, all remaining cash and all other assets of the Company not sold pursuant to the preceding subsections of this Section 10.2 shall be distributed first to any former Member who has withdrawn to the extent he has not been paid the fair value of his interest as of the date of his withdrawal, and second to the Member in proportion to and to the extent of the positive balances in Member's capital accounts, provided that the various items distributed to the Member shall be distributed subject to such liens, encumbrances, restrictions, contracts, operating agreements, obligations, commitments or undertakings as existed with respect to such items at the time they were acquired by the Company or were subsequently created or entered into by the Company and which have not been vacated, satisfied or released; and

(e) in lieu of distributing any remaining properties to the Member, the Member may sell all of such properties for cash and, after satisfying the debts, liabilities and obligations of the Company, distribute such cash to Member in the same proportions set forth in subsection (d) above.

ARTICLE XI - INCOME TAX AND ELECTIONS

Section 11.1. Accounting Method. The accounting method of the Company shall be that which is adopted by Manager under the advice of the Company's accountant, and the Company's books of account shall utilize this method for income tax reporting purposes. The Manager shall cause the Company to elect the calendar year as its taxable year.

Section 11.2. Restriction. No election shall be made by the Company to be excluded from the application of the provisions of Subchapter K of the Code.

Section 11.3. Other Elections. Member shall have the right to make or not to make, in good faith, such other elections as are authorized or permitted by any law or regulation for income tax purposes.

Section 11.4. Tax Matters Partner. The Manager shall be the "Tax Matters Partner," as such term is defined in the Code, for the Company.

ARTICLE XII
INDEMNIFICATION OF MEMBER, EMPLOYEES AND AGENTS

Section 12.1. Actions by Third Persons. To the extent and in the manner permitted by the laws of the State of Arkansas, the Company shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Company, by reason of the fact that such person is or was a Member, employee, or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise against expenses (including but not limited to attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section 12.2. Actions by the Company. To the extent and in the manner permitted by the laws of the State of Arkansas, the Company shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Company to procure a judgment in its favor by reason of the fact that he is or was a Member, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise against expenses (including but not limited to attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Company unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Section 12.3. Determination. Any indemnification under the provisions of Section 12.1 or 12.2 of this Article, unless ordered by a court, shall be made by the Company only as authorized in the specific case upon a determination that indemnification of the Member, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 12.1 or 12.2 of this Article. Such determination shall be made by the Member, unless it was a party to such action, in which case such determination shall be made by independent legal counsel in a written opinion.

Section 12.4. Expense Advances. Expenses incurred by a Member in defending a civil or criminal action, suit or proceeding shall be paid by the Company in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such officer or Member to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Company as authorized by the provisions of this Article. Such expenses incurred by other employees and agents may be so paid upon such terms and conditions, if any, as Member deems appropriate.

Section 12.5. Insurance. The Company may, to the full extent permitted by the laws of the State of Arkansas, but only to such extent as may be determined by the Member, purchase and maintain insurance on behalf of any person who is or was a Member, officer, employee or agent of the Company or is or was serving at the request of the Company as a director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture trust or other enterprise against any liability asserted against and incurred by him in any such capacity or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions of this Article.

Section 12.6. Continuation of Indemnification. The indemnification and advancement of expenses provided by or granted pursuant to this Article shall continue as to a person who has ceased to be a Member, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

ARTICLE XIII - AMENDMENTS

Section 13.1. Amendments. The Member may propose any amendment to this Operating Agreement, provided, that no such amendment shall be deemed applicable unless acknowledged by the Manager (to the extent that the Manager is still employed by the Company pursuant to the Management Agreement), which acknowledgement shall not be unreasonably withheld.

ARTICLE XIV - GENERAL PROVISIONS

Section 14.1. Entire Agreement. This Operating Agreement and the Articles embody the entire understanding and agreement among the Member concerning the Company, and supersede all prior negotiations, understandings or agreements in regard thereto.

Section 14.2. Counterparts. This Operating Agreement may be executed in multiple counterpart copies, each of which shall be considered an original and all of which constitute one and the same instrument.

Section 14.3. Choice of Law. This Operating Agreement shall be construed and interpreted according to the laws of the State of Arkansas.

Section 14.4. Binding Effect. This Operating Agreement and all of the terms and provisions hereof shall be binding upon and shall inure to the benefit of the Member and its respective heirs, executors, administrators, trustees, successors and assigns.

OPERATING AGREEMENT
OF
PINNACLE GREAT PLAINS OPERATING COMPANY, LLC

WHEREAS, on May 25, 2011, Heartsill Ragon III, as incorporator, formed a limited liability company pursuant to and under the provisions of the Arkansas Small Business Entity Tax Pass Through Act, as amended (the "Act"), by having the Articles of Organization of PINNACLE GREAT PLAINS OPERATING COMPANY, LLC (the "Company") filed with the Secretary of State of Arkansas; and

WHEREAS, PINNACLE MOUNTAIN HOLDING COMPANY, LLC, the sole member of the Company (the "Member"), deems it important and in the best interest of the Company that certain rules regarding the management and operations of the Company be set forth;

NOW, THEREFORE, the Member hereby agrees as follows:

ARTICLE I - OPERATING AGREEMENT ADOPTION: PRIORITY OF AUTHORITIES; PURPOSE

Section 1.1. Operating Agreement Adoption. The Member agrees that this Operating Agreement is hereby adopted by the Company to govern the internal business and affairs of the Company, and that all actions taken by the Organizer of the Company are hereby ratified, adopted, and approved.

Section 1.2. Priority of Authorities. The terms and provisions of this Operating Agreement shall be controlling except to the extent the terms and provisions hereof are in direct conflict with the Articles of Organization of the Company, as now in existence and as amended from time to time (the "Articles"), or the Act, in which event the provisions of the latter document or law shall be controlling.

Section 1.3 Purpose of Company. The Company has been formed for the purpose of (a) holding, either directly or indirectly, ownership of farmland investment properties and related assets, (b) holding, either directly or indirectly, ownership in other business entities that might own farmland investment properties and related assets, (c) holding ownership in other assets that the Member might designate from time to time, and/or (d) otherwise being involved in any business or other activities that are not prohibited by law.

ARTICLE II - OFFICES; RESIDENT AGENT

Section 2.1. Offices. The Company's location and the address of the company's registered office in the State of Arkansas shall be set forth in the Articles, until changed as provided by the Act. The Company shall continuously maintain a registered office in the State of Arkansas. The Company may also have such other offices and places of business, within or without the State of Arkansas, as the Member may determine from time to time or as the business of the Company may require.

Section 2.2. Resident Agent. The name and address of the Company's registered agent in the State of Arkansas shall be as set forth in the Articles until changed as provided by the Act.

ARTICLE III - MANAGER

Section 3.1 Manager.

(i) The management of the Company's business shall be vested exclusively in a Manager elected by the Member. The Member does hereby, as evidenced by its signature below, unanimously elect HALDERMAN FARM MANAGEMENT SERVICE, INC. as the Company's initial Manager. To the extent allowed hereunder, the Manager shall have the authority to sign agreements and other instruments on behalf of the Company without the joinder of Member or any other persons.

(ii) The Manager shall perform his duties as a manager in good faith, in a manner he reasonably believes to be in the best interests of the Company, and with such care as an ordinarily prudent person in a like position would use under similar circumstances.

(iii) The Manager is an agent of the Company for the purpose of its business, and the act of the Manager, including the execution in the Company name of any instrument for apparently carrying on in the usual way the business of the Company, binds the Company, unless such act is in contravention of the Articles or this Operating Agreement, or unless the Manager so acting otherwise lacks the authority to act for the Company and the person with whom he is dealing has knowledge of the fact that he has no such authority.

Section 3.2 Powers of the Manager. The Manager shall have the right and authority to take all actions that the Manager deems necessary, useful, or appropriate for the day-to-day management and conduct of the Company's business. In furtherance thereof, it is agreed that the Manager, on behalf of the Company, shall have the unilateral power and authority to acquire and dispose of real and personal property, enter into tenant farmer leases and enter into construction contracts absent the consent or approval by the Member.

The Manager may exercise all powers of the Company and do all such lawful acts and things as are not by statute, the Act, the Articles, or this Operating Agreement, directed or required to be exercised or done by the Member. All instruments, contracts, agreements and documents providing for the acquisition, mortgage or disposition or property of the Company shall be valid and binding on the Company if executed by the Manager. All instruments, contracts, agreements, and documents of whatsoever type executed on behalf of the Company shall be executed in the name of the Company by the Manager.

It is recognized and understood that the Manager is serving the Company pursuant to the terms and conditions of a certain Farmland Management Agreement dated as of March 31, 2001 (the "Management Agreement") that has been entered into by and between the Manager and the

Member and that, pursuant to the provisions of the Management Agreement, extensive unilateral power has been granted to the Manager to implement the business plan of the Company as outlined therein.

Section 3.3 Salaries. The Company shall pay to the Manager that salary and other compensation that is specified in the Management Agreement.

Section 3.4 Resignation of Manager. The Manager may resign from his position as a manager at any time by notice to the Member. Such resignation shall become effective as set forth in such notice.

Section 3.5 Termination of Manager. The Manager shall serve as the manager and chief executive officer of the Company so long as the Management Agreement remains in full force and effect. Upon the termination of the Management Agreement, either for cause or otherwise, then the Manager's service, duties and obligation hereunder shall contemporaneously cease and terminate.

ARTICLE IV - MEETINGS OF THE MEMBER

Section 4.1. Place. Meetings of the Member may be held anywhere, either within or without the State of Arkansas, as may be determined from time to time by the Member.

Section 4.2. Meetings. Meetings of the Member for any purpose or purposes may be called by any Member. Such request shall state the purpose or purposes of the meeting.

Section 4.3. Notice. Not less than five (5) nor more than thirty (30) days before any meeting of the Member, written or printed notice stating the time and place thereof and, if a meeting, the purpose or purposes of which such meeting is called, shall be served upon or mailed to each Member entitled to vote thereat, at the address of such Member as provided in this Operating Agreement.

Section 4.4. Proxies. At any meeting of the Member, a Member may vote by proxy entered in writing by the Member or by his duly authorized attorney-in-fact. Such proxy shall be presented at the time of the meeting. Unless otherwise provided therein, a proxy shall not be valid more than three (3) months after the date of its execution.

Section 4.5. Waiver of Notice. Whenever written notice is required to be given to Member, a written waiver thereof signed by any Member entitled to such notice (whether, in the case of notice of a meeting, the written waiver thereof is signed before or after the meeting) shall be in all respects tantamount to notice. A Member's attendance in person at any meeting of the Member shall for all purposes constitute waiver of notice thereof unless the Member attends the meeting for the sole purpose of objecting to the transaction of any business thereat because the meeting is not lawfully called or convened and unless such Member so objects at the beginning of the meeting and does not otherwise participate therein.

Section 4.6. Consent of Members in Lieu of Meeting. Any action required to or which may be taken at any meeting of the Members may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by all of the Members.

Section 4.7. Participation by Means of Communication Equipment. Any Member may participate in any meeting of the Member by means of conference telephone or similar communications equipment that enables all persons participating in the meeting to hear and speak to each other. Such participation shall constitute presence in person at such meeting.

ARTICLE V - CAPITAL AND CAPITAL ACCOUNTS

Section 5.1. Capital Contributions. Member shall contribute to the capital of the Company an amount in cash equal to $100.

Section 5.2. Additional Capital Contributions. Member shall not be obligated to contribute additional funds to the Company unless agreed to by Member.

Section 5.3. Interests in the Company. Member's "interest" in the Company shall be 100%, and Member shall be deemed the sole and exclusive owner and holder of all of the equity ownership interest in and to the Company. Notwithstanding the foregoing, it is acknowledged that Manager possesses certain profit participation rights that are more fully set forth and identified in the Management Agreement.

Section 5.4. Capital Accounts. Capital accounts shall be established and maintained for each Member in accordance with tax accounting principles and, to the extent they provide otherwise, with valid regulations issued by the U.S. Treasury Department under Section 704(b) of the Internal Revenue Code of 1986, as amended (the "Code").

ARTICLE VI - COMPANY PROFIT AND LOSS

Section 6.1. Division. All income, gain, deductions, credits and losses of the Company shall be charged or credited wholly to the capital account of the Member in accordance with its respective interest.

Section 6.2. Incentive Compensation. Notwithstanding the foregoing, it is agreed and understood that the Manager is entitled to receive in addition to that regular compensation payable that incentive compensation that is specified in the Management Agreement.

ARTICLE VII - MANAGEMENT REPORTS AND DISTRIBUTIONS

Section 7.1. Reports. The Manager shall provide the Company and the Member with those financial and operational reports that are required under and pursuant to the Management Agreement.

Section 7.2. Distributions to Member. Member shall be entitled to those profit, loss and cash flow distributions that are contemplated in the Management Agreement, as adjusted so as to reflect that incentive compensation that is payable to Manager as specified in the Management Agreement.

ARTICLE VIII - BOOKS AND RECORDS

Section 8.1. Books and Records. The books and records of the Company shall be kept at the Member's office, or at such other places, within or without the State of Arkansas, as the Member shall from time to time determine. The following shall be kept at the Company's registered office: (1) a current and a past list, setting forth the full name and last known mailing address of each member and manager, if any, set forth in alphabetical order; (2) a copy of the Articles and all articles of amendment thereto, together with executed copies of any powers of attorney pursuant to which any Articles have been executed; (3) copies of the Company's federal, state, and local income tax returns and reports, if any, for the three (3) most recent years, or if such returns and reports were not prepared for any reason, copies of the information and records provided to, or which should have been provided to, the Member to enable it to prepare its federal, state, and local tax returns for such period; (4) copies of any effective written operating agreements, and all amendments thereto, and copies of any written operating agreements no longer in effect; (5) copies of any financial statements of the Company for the three (3) most recent years; (6) unless contained in the Operating Agreement, (a) the amount of cash and a statement of the agreed values of other property or services contributed by each member and the times at which or events upon the happening of which any additional contributions agreed to be made by each member are to be made, (b) information that would enable a member to determine the relative voting rights of Member on a particular matter if such voting rights are other than on a per capita basis, and (c) any events upon the happening of which the Company is to be dissolved and its affairs would up; (7) copies of any written promise by a member to make a contribution to the Company, (8) copies of any written consents by Member to the admission of any person as a member of the Company, (9) copies of any written consents by the members to continue the Company upon an event of withdrawal of any member; (10) copies of any other instruments or documents reflecting matters required to be in writing pursuant to the Operating Agreement.

Section 8.2. Right of Inspection. Any Member of record shall have the right to examine, at any reasonable time or times for all purposes, the books and records of account, minutes and records of the Company and to make copies thereof at such Member's expense. Such inspection may be made by any agent or attorney of the Member. Manager agrees that Member of Member's designated agent may review any and all records related to the Company that Manager may possess at any time in accordance with the provisions of the Management Agreement.

ARTICLE IX - TRANSFERS OF INTERESTS; ADDITIONAL MEMBERS

Section 9.1. Transfers. A Member may assign or transfer its interest in the Company; however, an assignee or transferee shall not become a Member unless all of the remaining Members consent in writing to the assignment or transfer and the assignee or transferee complies with Section 9.4 below. Absent such consent, an assignee or transferee is entitled to receive only

the share of income, gain deductions, credits and losses and the return of contributions to which the assigning or transferring Member would otherwise be entitled.

Section 9.2. Additional Members. Additional Members may be admitted to the Company only upon the written consent of Members owning at least a majority of the interests in the Company and upon compliance with Section 9.4 below.

Section 9.3. Limitations. Assignments and transfers of interests in the Company shall be subject to, and the assignee or transferee shall acquire the assigned or transferred Company interest subject to, all of the terms and provisions of this Operating Agreement. An assignment or transfer of an interest in the Company shall not relieve the assigning or transferring Member from its duties and obligations to the Company unless all of the other Members agree in writing to release such Member.

Section 9.4. Membership of Assignee, Transferee or Additional Member. No assignee, transferee or additional Member shall become a Member until such assignee, transferee or additional Member shall have:

(a) become a party to, and adopted all of the terms and conditions of, this Operating Agreement;

(b) if such assignee, transferee or additional Member is a corporation, partnership (general or limited), trust or limited liability company, provided all the other members with evidence satisfactory to counsel for the Company of such assignee's, transferee's or additional Member's authority to become a Member under the terms and provisions of this Operating Agreement; and

(c) paid or agreed to pay the costs and expenses incurred by the Company in connection with such assignee's, transferee's or additional Member's becoming a Member;

provided however, that for the purpose of allocating Company income, gain, deductions, credits or losses, an assignee, transferee or additional Member shall be treated as having become, and as appearing in the records of the Company as a Member on such date as the assignment or transfer was consented to pursuant to Section 9.1 hereof or on such date as the admittance of the additional Member was consented to pursuant to Section 9.2 hereof.

ARTICLE X - DISSOLUTION OF THE COMPANY

Section 10.1. Dissolution. The Company shall be dissolved when Member determines in writing to dissolve the Company.

Section 10.2. Liquidation. As soon as possible after dissolution of the Company becomes effective, the Member shall wind up the Company's business and affairs. In this regard:

(a) to the extent the Member deems appropriate, all material, equipment, and real and personal property of the Company of any kind or nature shall be sold for cash and the proceeds thereof shall be credited to the Member's capital account or to the account of Manager in accordance with the provisions of the Management Agreement;

(b) the Member shall:

(i) pay all of the Company's debts, liabilities and obligations to its creditors (including Members who may also be creditors);

(ii) pay any amounts owed to the Manager under the Management Agreement; and

(iii) pay all expenses incurred in connection with the dissolution and liquidation of the Company and distribution of its assets as herein provided;

(c) Member shall ascertain the fair market value by appraisal or other reasonable means of all assets of the Company remaining unsold, and Member's capital account shall be charged or credited, as the case may be, as if such property had been sold at such fair market value and the gain or loss realized thereby had been allocated to and among the Member;

(d) on or as soon as practicable after the effective date of the dissolution, all remaining cash and all other assets of the Company not sold pursuant to the preceding subsections of this Section 10.2 shall be distributed first to any former Member who has withdrawn to the extent he has not been paid the fair value of his interest as of the date of his withdrawal, and second to the Member in proportion to and to the extent of the positive balances in Member's capital accounts, provided that the various items distributed to the Member shall be distributed subject to such liens, encumbrances, restrictions, contracts, operating agreements, obligations, commitments or undertakings as existed with respect to such items at the time they were acquired by the Company or were subsequently created or entered into by the Company and which have not been vacated, satisfied or released; and

(e) in lieu of distributing any remaining properties to the Member, the Member may sell all of such properties for cash and, after satisfying the debts, liabilities and obligations of the Company, distribute such cash to Member in the same proportions set forth in subsection (d) above.

ARTICLE XI - INCOME TAX AND ELECTIONS

Section 11.1. Accounting Method. The accounting method of the Company shall be that which is adopted by Manager under the advice of the Company's accountant, and the Company's books of account shall utilize this method for income tax reporting purposes. The Manager shall cause the Company to elect the calendar year as its taxable year.

Section 11.2. Restriction. No election shall be made by the Company to be excluded from the application of the provisions of Subchapter K of the Code.

Section 11.3. Other Elections. Member shall have the right to make or not to make, in good faith, such other elections as are authorized or permitted by any law or regulation for income tax purposes.

Section 11.4. Tax Matters Partner. The Manager shall be the "Tax Matters Partner," as such term is defined in the Code, for the Company.

ARTICLE XII
INDEMNIFICATION OF MEMBER, EMPLOYEES AND AGENTS

Section 12.1. Actions by Third Persons. To the extent and in the manner permitted by the laws of the State of Arkansas, the Company shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Company, by reason of the fact that such person is or was a Member, employee, or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise against expenses (including but not limited to attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section 12.2. Actions by the Company. To the extent and in the manner permitted by the laws of the State of Arkansas, the Company shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Company to procure a judgment in its favor by reason of the fact that he is or was a Member, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise against expenses (including but not limited to attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Company unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the

adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Section 12.3. Determination. Any indemnification under the provisions of Section 12.1 or 12.2 of this Article, unless ordered by a court, shall be made by the Company only as authorized in the specific case upon a determination that indemnification of the Member, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 12.1 or 12.2 of this Article. Such determination shall be made by the Member, unless it was a party to such action, in which case such determination shall be made by independent legal counsel in a written opinion.

Section 12.4. Expense Advances. Expenses incurred by a Member in defending a civil or criminal action, suit or proceeding shall be paid by the Company in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such officer or Member to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Company as authorized by the provisions of this Article. Such expenses incurred by other employees and agents may be so paid upon such terms and conditions, if any, as Member deems appropriate.

Section 12.5. Insurance. The Company may, to the full extent permitted by the laws of the State of Arkansas, but only to such extent as may be determined by the Member, purchase and maintain insurance on behalf of any person who is or was a Member, officer, employee or agent of the Company or is or was serving at the request of the Company as a director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture trust or other enterprise against any liability asserted against and incurred by him in any such capacity or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions of this Article.

Section 12.6. Continuation of Indemnification. The indemnification and advancement of expenses provided by or granted pursuant to this Article shall continue as to a person who has ceased to be a Member, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

ARTICLE XIII - AMENDMENTS

Section 13.1. Amendments. The Member may propose any amendment to this Operating Agreement, provided, that no such amendment shall be deemed applicable unless acknowledged by the Manager (to the extent that the Manager is still employed by the Company pursuant to the Management Agreement), which acknowledgement shall not be unreasonably withheld.

ARTICLE XIV - GENERAL PROVISIONS

Section 14.1. Entire Agreement. This Operating Agreement and the Articles embody the entire understanding and agreement among the Member concerning the Company, and supersede all prior negotiations, understandings or agreements in regard thereto.

Section 14.2. Counterparts. This Operating Agreement may be executed in multiple counterpart copies, each of which shall be considered an original and all of which constitute one and the same instrument.

Section 14.3. Choice of Law. This Operating Agreement shall be construed and interpreted according to the laws of the State of Arkansas.

Section 14.4. Binding Effect. This Operating Agreement and all of the terms and provisions hereof shall be binding upon and shall inure to the benefit of the Member and its respective heirs, executors, administrators, trustees, successors and assigns.

Section 14.5. Gender and Number. Whenever the context requires, the gender of all words used herein shall include the masculine, feminine and neuter, and the number of all words shall include the singular and plural thereof.

Section 14.6. Members: Operating Agreement. Re: Comment/Analysis

This application proposes to dry up irrigated land to provide water for a new dairy to be built on the same land. Due to problems with water quality in the area, several existing irrigation wells and one new well have been designated as possible points of diversion; some of the proposed pods will probably not be used in the dairy, but would continue as irrigation-only wells. The transfer appears to be approvable with standard conditions. The applicant has requested 5 years of development time, and I am recommending that this be allowed due to the large size of the project and current market conditions in the dairy industry.

Lienholder Letter Required: Yes Received: Yes

Parallel Processing Required: No.

Advertising Required: Yes due to change in nature of use and drilling of new well.

Authority To File: The applicant is the owner of record for these water rights, so this is not an issue.

Water Right Validity: The land being dried up is currently irrigated according to ArcMap, so this is not an issue.

Injury To Other Rights: There should be none with standard conditions. The number of acres being dried up is based on consumptive crop values for hay at Malta. The transfer requests a large flow rate, as they may use an existing irrigation pump or pumps to provide the water. This requires that more land be dried up than is needed to provide the annual water volume needed by the dairy, resulting in more volume being transferred than what they can use. All of this land will be covered by dairy facilities, so would not be irrigated anyway.

Enlargement of Use: None requested.

Local Public Interest: No issues identified.

Beneficial Use/Conservation of Water Resources: No issues identified.

Review of the application finds that there is no clear inconsistency with criteria set forth in Sec. 42-222 I. C. preventing processing. At least prior to advertising, no other issues have been identified that would require further review or submittal of additional data by the applicant.

Re: Legal Notice Remarks

This application proposes to dry up irrigated land to provide water for a new dairy to be built on the same land. One new well will be drilled, and some existing irrigation wells may also provided water for the dairy as needed. The dairy will be located about 1 1/2 miles east and 13 1/2 miles south of Malta.

MEMORANDUM

To: Transfer 76136 File – Wynn Dewsnup Family Revocable Trust

From: Jeanie Robertson

Re: Evaluation of Sufficiency of Information Submitted

This transfer combines 33 Groundwater rights from 20 wells authorized for the combined total diversion of 52.77 cfs and 14537.5 AF and places them in a PPU of 4907.4 acres, limited to 4,227.3 acres in a given year. There are many smaller combined limits within from previously combined rights in various systems. Then there is one all encompassing limitation of 95.77 cfs when these rights are combined with the 28 overlapping surface water rights in companion transfer 77102 for the same PPU. Putting them into one large transfer was too large for Workflow to handle, so the rights were split into two transfers, one for GW and the other for SW, even though it is one system. The PPU and points of diversion involved with the transfers are located between approximately 10 miles south to 15 miles south of Malta.

The original application proposed a final PPU of 4,947.4 acres. There were two other transfers filed by Dewsnup, 73130 creating a feedlot & 73133 creating a dairy, and when the places of use for these facilities were removed from the irrigated area the final PPU was found to be 4,907.4 acres with a limit of 4,227.3 acres within for any given season.

- **Authority to File:**
  The application was filed by Wynn Dewsnup on behalf of the Wynn Dewsnup Family Revocable Trust. A lien holder letter was received from Farm Credit West agreeing to the transfers. AgTech Engineering was originally listed as the Representative for the Dewsnups but they have been removed per the applicants statement that they no longer represent them.

- **Water Right Validity:**
  All 33 of the rights (or the parent rights of 43-13657, 43-13658, & 43-13660) involved in this transfer were decreed in the SRBA on 6/28/2002. Recent aerial photos of the area show irrigation of the property so forfeiture should not be an issue.

- **Injury to Other Water Rights:**
  None anticipated.

- **Enlargement of Use:**
  None anticipated with proper conditioning. A 206 Condition will be needed to keep them within their acre limit in the larger PPU.

- **Local Public Interest:**
  No negative impacts anticipated.

- **Beneficial Use/Conservation of Water Resources:**
  Irrigation is recognized as a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

I am not aware of any need to change the POU for the stockwater or domestic water rights.

Greg,

Along with the issues we discussed this afternoon about water rights 43-4065 and 43-10132, I will also need maps and POU descriptions for the domestic and stockwater components of various rights or some form of verification that these uses are not changing.

Have a good weekend,
Jana

Jana,

Please remove water rights 43-4065 and 43-10132 from transfer 78632. It is not the intent of transfer 78632 to move or change any aspect of 43-4065 and 43-10132. The diversion and deliver system for these two water rights are not connected to the larger farm operation to the south that includes the majority of ground and surface water rights.

Jana,

Unless Duane disagrees, I believe the attached map, which was provided by Greg, shows the correct locations. This would mean that the legal descriptions you highlighted were incorrect.

Greg – can you correct the legal descriptions and resubmit to Jana for review?

Thanks,

Greg,

Thanks for the quick response, just to clarify. The wells that are not going to be used for production wells should be abandoned/decommissioned per IDWR regulations. The pumps should be pulled and the wells decommissioned by a licensed driller. If you have any questions about what will be required for the decommissioning of the wells please contact our office.
Thanks,
Jana

Gentlemen,

IDWR has been processing the transfer for the Bridge farm. Some questions have come up concerning the wells on the farm.

IDWR would like us to confirm the legal description of Well 5. It is current described as 15S 27E Sec. 18 NWSENW.

IDWR also needs to verify that the existing wells and proposed wells on the attached aerial map are the only irrigation wells that are going to be in production after the transfer is approved.
There are seven well listed as PODs on the ground water rights that do match any of the wells on the attached map. IDWR needs to know if these seven wells are going to be abandoned. Abandonment requires the pump, shaft and motor be removed and a surface seal for the well.

There may be more wells that need to be abandoned but here is the legal descriptions of the seven wells not listed on the transfer.

15S 27E Sec. 7 NWSWSE
15S 27E Sec. 8 SWNWNW
15S 27E Sec. 18 SWSWNE
15S 27E Sec. 18 SWSENW
15S 27E Sec. 18 SWNESW
15S 26E Sec. 23 SESESE
15S 26E Sec. 24 NESESW

Please confirm that these wells will no longer be used to pump irrigation water.

Thank you,

Greg Sullivan

Re: Halderman/Pinnacle Great Plains Operating Company LLC

Dear Mr. Merritt:

Pinnacle Great Plains Operating Company, LLC recently purchased a farm in the Bridge, Idaho area from Wynn and Jeannine Dewsnup that included a large number of irrigation ground and surface water rights and three stock and commercial water rights 43-13656, 43-13659 and 43-13661 (See Exhibit A). Several wells on the West side of the farm have levels of sodium that are reducing crop production.

Water rights 43-13656, 43-13659 and 43-13661 were created when Transfer 76133 was approved by IDWR in 2010. Transfer 76133 was applied for by Mr. Dewsnup to provide an adequate water supply for a proposed dairy facility. The dairy facility was never constructed and Pinnacle Great Plains Operating Company, LLC, purchased the dairy site, water rights and surrounding farm area.

This transfer proposes to add six wells as PODs, correct the POU and include 43-13656, 43-13659 and 43-13661 as irrigation water rights. The new wells will provide adequate water to increase crop production. The existing wells with increased sodium levels are not going to be abandoned at this time. These wells may be removed as PODs for the irrigation water rights as time and resources allow. The current irrigation POU includes property retained by Wynn and Jeanine Dewsnup. The proposed change in POU and PPU will exclude property not owned by Pinnacle Great Plains Operating Company LLC. This transfer will also include 43-13656, 43-13659 and 43-13661 as irrigation water rights. A withdrawal of Transfer 76133 is attached to this letter.

The ownership of water rights involved in this transfer has recently been updated by IDWR to Pinnacle Great Plains Operating Company LLC.
