Re: Water Supply Bank Lease Expiration Date for Rights 45-2509 & 45-13522

Water Supply Bank Rental application review determined that these rights are already part of South West Irrigation District (SWID) mitigation plan and should not be leased to the bank. After discussions with SWID, attorney William Parsons and Water Master of Water District 140, the department allowed the proposed Kelley rental for the 2013 irrigation season and proposed release on 12-31-2013. (See 05-03-2013 from Tim Luke, Water Compliance Bureau Chief in file.)

These rights are not available for rental and will be released on 12-31-2013.
