COLTON WA 99113

Enclosed check
for the additional requested
payment of \$125.00 referenced
below & highlighted.

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-9148

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Well Construction Rules of the Department require additional drilling permit fees in cases where an increased use of water is authorized from wells originally constructed as domestic wells.

According to drilling permit start card no. 775908 (copy enclosed), I found that the well identified by this drilling permit was developed for domestic use. Department records indicate that an additional drilling permit fee in the amount of \$125.00 is due based on the non domestic water use developed under this water right permit. **Failure to pay this fee may be cause for cancellation of your water right permit.** Please submit the \$125.00 fee to the Department with a note of reference identifying drilling permit no. 775908 and the water right permit number mentioned above.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene, Idaho at (208) 762-2800.

Sincerely,

Darla
