Subject: Transfer 78405

Bill and Allen,

I have reviewed the transfer approval notice for Transfer 78405 and I have found an issue that needs to be corrected. Water right 36-16966 identifies the POD as SWSESE in Section 9. The description needs to be corrected to SWSESW of Section 9. Let me know if I need to submit something in writing to have this corrected.

Thank you,

Greg Sullivan
