(SECOND PETITION DATED	)	
JANUARY 13, 2006)	)	
_____	)	

The original petitioner in this contested case conveyed title to the water right to VP Farms, LLC on October 26, 2012. VP Farms, LLC filed a *Notice of Change in Water Right Ownership* for water right no. 13-2313 with the Department on April 11, 2013. On July 15, 2013, a deputy attorney general representing the Idaho Department of Water Resources (“Department”) contacted VP Farms, LLC by telephone inquiring whether it, as the successor owner in interest to the petitioner Warren Lloyd, had an interest in pursuing the above captioned matter as there has been no activity before the Department on this matter since July 19, 2006. The telephone conversation was followed up with an email dated July 15, 2013 requesting that VP Farms LLC notify the Department no later than July 29, 2013 whether it intended to file updated ownership information and pursue the contested case further.

Having received no response to earlier email, a second email was sent on August 5, 2013 again asking that VP Farms, LLC inform the Department no later than August 19, 2013 of its intention to further pursue the above captioned matter.

Based upon these facts, the Department notifies the petitioner Warren Lloyd and VP Farms, LLC that the following default order is proposed to be issued because of the failure of the petitioner or any successors in interest to respond to the information inquiries pursuant to IDAPA 37.01.01.700.

PROPOSED DEFAULT ORDER

Based upon the petitioner Warren Lloyd and any successors in interest failure to respond to the information inquiries dated July 15, 2013 and August 5, 2013, it is ORDERED that the petitioner and any successors in interest are dismissed as parties and the associated above captioned contested case is dismissed.

RIGHT TO CHALLENGE

Pursuant to IDAPA 37.01.01.701, petitioner Warren Lloyd or any successors in interest have seven (7) days after the service of this *Notice of Proposed Default Order* to file a written petition requesting that a default order not be entered. The petition must state the grounds why the petitioning party believes that default should not be entered.

Dated this 5th day of September, 2013.

Director
