Re: 2013 Water Supply Bank Lease Applications for WG Farms LLC.

Dear Pam,

Attached are four water supply bank (WSB) lease applications for water rights 36-2415A and 36-15356A and 36-2550 and 36-8212 appurtenant to the WG Farms LLC's permissible place of use on property in T.07S R.24E, 25E in Minidoka County, ID. The applications for these water rights propose to lease a total of 194.5 acres to the WSB for 5 years or until 12/31/18. Water right split calculations using methods acceptable to IDWR have been attached, as well as a map showing the proposed areas to be dried up under these water rights. These same water rights were leased to the WSB during 2012-2013.

Payment associated with these applications in the form of a check for \$500.00 from Brockway Engineering PLLC is enclosed. Please copy our office on all correspondence regarding these water supply bank applications. Thank you for your assistance on this matter and if you have questions or comments, please don't hesitate to call.

Regards,

Zach Latham, M.S., Hydrologist
