Assignment Deficiency Letter

RE: Permit No. 95-16485

Dear Permit Interested Party:

The Department is in receipt of an Assignment of Permit form to change the ownership of the above referenced permit. If the intent is to assign this water right permit over to both parties named on the warranty deed (Sidney H. Pierson and Penelope S. Pierson), then Penelope Pierson also needs to be included on the assignment form as one of the new owners.

The Department is unable to process the assignment in both names unless both names are listed on the assignment of permit form. I am returning your original assignment of permit form so that you may add Penelope Pierson on the form as one of the new owners if this is the intent.

In addition, there seems to be a discrepancy in the address of the new owners. The warranty deed reflects an address of 9005 E Spring, but the assignment form and the statement of completion form both show an address of 900 SE Spring Street. I am also enclosing a copy of the warranty deed that was provided to the Department with the assignment form.

Upon receipt of the corrected assignment form, the Department will then be able to move forward with processing the ownership change request. The \$25.00 filing fee already paid will be applied.

If you have any questions regarding this matter please contact me at (208) 287-4945

Sincerely,

A handwritten signature in black ink that reads "Darla Block".
