Re: Transfer No. 78545 and Water Supply Bank

Dear Mr. and Mrs. Slegers:

Your above referenced transfer application was recently approved and mailed to you. The department neglected to include standard information regarding rights leased to the Water Supply Bank (Bank). This follow up letter is to provide the Bank information to you.

It appears you are quite familiar with the Bank based on your water right records. Portions of rights 63-7427E and 63-7753A were leased to the Bank when the transfer was approved. Shortly thereafter you removed the 63-7427E portion from the Bank, leaving a portion of the other right in the Bank.

I imagine you are aware that your rights leased to the Bank are not available for your use, whether or not the rights are rented from the Bank. The portion of 63-7753A leased to the Bank is not available for your use at this time. Please contact the Water Supply Bank Coordinator at the department State Office in Boise (208-287-4800) if you need more information about the Bank.

I will be glad to help you with any other water right questions you might have. Please contact me at 208-334-2190 if you need more information.

Sincerely,
