RE: Change in Ownership Water Right No. 13-807

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

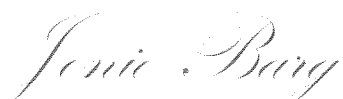

\*\*\*\* **Evidence of Water Right Ownership:** The deeds supplies from Alpheus Anderson do not cover any portion of the ground you purchased. It does show ownership in another quarter quarters that could be covered by the place of use but is not a portion of your property. In order for your application to be complete additional evidence of ownership will be required, we will definitely need copies of the deeds showing Alpheus Anderson owned the ground associated with your property. If you cannot find any additional evidence a Quiet Title Action would be the next step. The department can only update ownership based on legal documentation. If you have any additional questions please contact me or James Cefalo at 208-525-7161.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: [www.idwr.idaho.gov](http://www.idwr.idaho.gov).

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
