RE: Change in Water Right Ownership for 63-11530
Application Permit for New Water Rights 63-33780

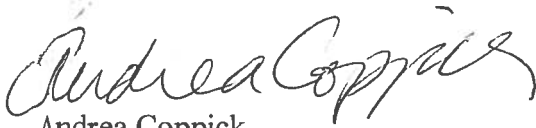

Dear Ms. Walker,

Thanks for your time the other day regarding the water rights for the property we purchased last Fall. The first order of business is to change the water rights for the existing well into our name (63-11530). Please see the attached form, property ownership info and processing fee. 63

In regards to our application for new water rights (63-33780), we would like to amend the acreage. Enclosed is an updated form (please use attachments from original application). I have added the statement you requested about the water bearing zone under item 11.

Please let me know if you need any further information to complete the process. Thanks again for your time and assistance.

Warmest Regards,

Andrea Coppick
