PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-12597

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. During my review of your proof and water right permit, I found that condition no. 7 of this permit may not have been complied with.

Condition no. 7 of this permit states:

"A fish screen of 0.25 inch or smaller mesh shall be installed and maintained at the point of diversion"

If this condition has not been met, I recommend this condition be complied with. Enclosed is a copy of this permit for your information. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office of the Department in Coeur d'Alene at (208) 762-2800.

Sincerely,
