RE: Summary of Water Rights

Dear Mr. Housley:

Recently you asked me to provide a list of all water rights currently in the name of the George G Housley and Lois B Housley Revocable Trust. The Idaho Department of Water Resources Database shows the following water rights:

Right No.	Priorty	Source	CFS
13-7796	5/1/1880	Fivemile Creek	0.01
13-7800	6/1/1882	Deep Creek	0.19
13-7804	6/1/1882	Springs	0.02

These rights, in combination, authorize the diversion of 0.22 cfs (98.8 gpm) and are good for the irrigation of 13 acres. Please contact me if you have any other questions about water rights in the area.

Sincerely,

James Cefalo
Water Resources Program Manager
