Re: Change of Ownership for Water Right/Permit No(s): 29-333, 29-336, 29-337, 29-13411, 29-13412, 29-13413, 29-13414, 29-13808 and 29-13809

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

According to a lease agreement received by Department of Water Resources Eastern Region office, you are the owner of water right 29-13809 even though it is appurtenant to land owned by Peck Properties. I have enclosed a copy of that agreement for you to keep with your water right papers. Please note this agreement ends September 12, 2016. You will then have the option of filing a transfer with IDWR to move water right 29-13809 back to the original place of use.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

If you have any questions concerning the enclosed information, please feel free to contact me at (208) 287-4942.

Sincerely,

Jean Hersley
Technical Records Specialist II
