Good Morning Blaine:

I was in the process of finishing up your permit to appropriate water for power uses and found an error on the application.

The application lists the Place of Use as T10S, R38E, Sec 28 in the NENW quarter. The cabin is actually located in the NWNE quarter, and the permit was advertised in the NWNE quarter.

In order to finish the processing of this permit, please sign the attached application and return. There is no additional fee required. When I receive the app back, I can finish processing the application.

If you have any questions, please let me know.

Thank you,

Kerrie Mathews
