Something is on the way. We are having SPF Engineering work on the license application. You should be seeing something next week.

Thank you for the follow up.

**Subject:** Lapsed Permit 63-32993 in the name of Management Training Corp.

July 26, 2013

Good Morning Gary,

The Department has not yet received either a proof statement or an extension request in order to reinstate lapsed water right permit no. 63-32993. I am wondering if something is on the way, or if Management Training Group Corp plans to simply let this permit lapse and go away.
