Idaho Falls, ID 83402

Dear Mr. Holliday:

Enclosed is the amended Waste Water Rights Form that we discussed last month.

Mr. Swanson has given me verbal permission for my water pipe line to cross his property within the Arrowhead Water District's pipeline and drainage easement. This easement is assumed and has not been legally surveyed and recorded. Their irrigation pipes have been in place since the 1970's.

Since Arrowhead's easement is not legally defined, Mr. Swanson does not want to put anything in writing until he gets his land resurveyed and his subdivision approved.

Mr. Swanson is trying to combine his proposed subdivision's road system with the Arrowhead Water District's supply and drainage needs.

I promised Mr. Swanson that I would move the waterline at my expense to conform to his and Arrowhead Water District's future needs.

Thank you for your help in this matter.

Sincerely,

David L. Tomlinson
