Re: Application for Transfer – POD for Long Island Irrigation Co.

Dear Reviewing Agent,

Enclosed is an Application for Transfer-Point of Diversion for the Long Island Irrigation Company (hereinafter "Long Island"). This application proposes to add two points of diversion for Long Island to enable two shareholders, Alan Zohner and Wes Dabell, to divert their shares directly from the Dry Bed rather than through the canal delivery system. Both shareholders have private agreements with Long Island and all have agreed to the change that is proposed. A copy of the Pump Agreement with Long Island is attached.

The application proposes to transfer 1.67 cfs of 9 of Long Island's water rights to these two pumps. The portion transferred is divided as follows between the two pumps:

Zohner	0.34 cfs	Pump located in SWSW Sec 1 T4N R37E
Dabell	<u>1.33 cfs</u>	Pump located in NENE Sec 4 T4N R38E
	1.67 cfs	

Please contact me if there are any concerns or questions regarding this transfer

Respectfully,

A handwritten signature in blue ink that reads "Kristin Moore".

Kristin Moore
Water Rights Analyst
