Dear Applicants:

I have not received the necessary documentation that is needed for the Department to complete the Notice of Change in Water Right Ownership form you submitted..

Please submit the following:

- A copy of the **recorded** conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.
- A plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).

If we do not receive the necessary documentation within 14 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

RE: Water Right No's: 63-32399

Dear Dennis and Anastasia Lang:

Thank you for submitting the Notice of Change in Water Right Ownership. Our review of your notice indicates that additional documentation and clarification is required before we can process the change.

- A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.
- A plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).

We did receive a grant deed; however, we will need a copy of the recorded deed with the instrument numbers present.

Thank you for your cooperation, if you have any questions please contact this office.

Sincerely,

Rachel Sommer
