Application For Permit No. 91-7752

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the ST MARIES GAZETTE RECORD on 8/21/2013 and 8/28/2013. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Eric J. Davis
Sr. Water Resource Agent

Subject: RE: Application for Permit No. 91-7752 and 91-7753

Dear Diane,

Subject permit No. 91-7752 does lie within the IDL navigable waters jurisdiction. Through conversation w/ Greg Taylor any encroachment on location 91-7753 the IDL has agreed to administer jurisdiction as this is technically flat water even though adjacent upstream to the SJ City Bridge, which is generally the dividing line between IDL & IDWR jurisdiction. The SJ IDL will research whether the applicants have encroachment permits for waterlines and will take the appropriate action to ensure compliance with state law.

The SJ IDL does not have any comment regarding the issuance of subject water rights.

I did notice that 91-7753 did not have the same number of drawings as 91-7752 and wondered if this was an omission.

Thank you very much for the notification.
