RE: Transfer Application No. 78556

Dear Mr. Rogers:

I have been trying to reach you by telephone without success. On April 22, 2013 an application for transfer was submitted to split a portion of water right 34-7118B and move it to a new place of use.

During a review of the application it was found that Water Right 34-7118B currently has Zion's First National Bank in West Valley Utah listed as a security interest. Since the proposed application will split a water right and move the split portion off of this place of use Zion's MUST be notified and authorize this change to the water right.

In order to continue processing this application please submit written authorization from Zion's First National Bank authorizing this change, or documentation from Zion's First National Bank stating they no longer have an interest in this water right.

The application will be held until we receive a response from Zion's Bank. If you have any questions please let me know.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Kerrie'.

Kerrie Mathews
Sr. Water Resource Agent
