Subject: Notice of Change of Water Right Ownership 2-10389

The Idaho Department of Water Resources received your request for a change of ownership for water right 2-10389. After reviewing your request, it was determined additional information is needed before this can be completed.

The information needed is a copy of the conveyance document which can be a warranty deed, quitclaim deed, etc. We need a document that conveys the property from the previous owners name to your name. The conveyance documents must include a legal description of the property or description of the water right(s) is no land is conveyed.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a $100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

You can send the documents to me by responding to this email or you may fax them to (208) 287-6700.
