LAPSE NOTICE

RE: PERMIT NOS. 95-9502 & 95-9503

IMPORTANT: This permit has lapsed because no written response was received from you by the IDWR. Development and/or use must cease.

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permits have lapsed and are of no further force nor effect. The department provided the proper forms to you in the proof due notice dated May 31, 2013. No further construction or additional development is authorized under these permits.

If water was put to beneficial use prior to the date proofs of beneficial use were due, you may file proofs now, or if you or a previous owner of these permits have not received prior extensions of time, you may request extensions of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. You may also request extensions of time if you have been delayed by a government agency, or by litigation that brings title to the water in question.

Either acceptable proofs, or acceptable extension requests must be received by this Department within sixty (60) days of the mailing of this lapse notice in order to reinstate these permits.

Please contact Darla Block at 208-287-4945, if you need additional assistance.

Sincerely,

Jeff Peppersack, Chief
Water Allocation Bureau
