RE: Application for Permit No. 65-23533

Dear Applicants:

Enclosed is an amended version of the application for permit you filed with this department back in January. The application as originally received is incomplete and processing cannot continue without additional information. The amended version is complete and if you concur with the information as I have prepared it, please initial and date at the bottom of the first page where I have indicated.

You have asked for only 0.02 cfs for the two homes; if you desire to raise that rate of diversion to 0.04 cfs, you may do so without an increase in filing fee. Simply cross out the 0.02 cfs and replace with 0.04 cfs.

Please return the amended form to my attention at your earliest convenience. If I do not receive the amended version within 30 days, the original application may be voided for failure to provide additional information as requested. Give me a call if you have questions.

Sincerely,

SHARLA CURTIS
Sr. Water Resource Agent
