CONDITIONS OF APPROVAL

1. The use of water under this right for recreation shall be non-consumptive.
2. Recreation use is for a non-commercial, recreational fish pond.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.
4. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

Water Right License
WATER RIGHT NO. 21-07540

5. A separate stream alteration permit from the IDWR is required for any activity in the stream channel other than construction and/or maintenance of the diversion structure. If the proposed construction or operation involves construction of an outfall or any other work in the stream channel other than a water diversion, the right holder shall contact the Department and obtain a Stream Channel Alteration permit prior to the start of construction.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 24th day of July, 2013.

for GARY SPACKMAN
Director
