RE: Water Supply Bank Lease Applications

37-7028
37-22790
37-7295B

Dear Water Right Holder:

On June 26, 2013, the Idaho Department of Water Resources applications to lease three water rights to the Water Supply Bank. During the review process, IDWR noticed the ending date on the leases were different than the date requested in the cover letter from Greg Sullivan of Brockway Engineering.

An email was sent to Greg requesting clarification of these dates. He informed us the intent was to lease the water rights for a full 5 year period, which would end December 31, 2017. However, Greg does not have the authority to modify the applications on your behalf. He suggested if we couldn't change the ending date based on the cover letter, we should process the applications "as they are" and SV Ranch, LLC would file extensions when the first lease expires, which would be December 31, 2013. I have attached a copy of that email.

If you would like to lease the water rights for the full 5 years, I would need an email or letter from you stating that fact. Lease Extension fees are \$250.00 per water right unless the rights have a common place of use or common diversion rate or common diversion volume, the combined maximum fee is \$500.00

You can send the email to: jean.hersley@idwr.idaho.gov or mail it to my attention to the address above. If you have any questions, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley
