Re: Rental and Release Request

Dear Mrs. Skaggs:

Darrell James Baker is submitting a rental application for 25.6 acre of water to be utilized within a 650 acre place of use. The 25.6 acre rental is being submitted at the request of Water Master Cindy Yenter and Rob Whitney of the Boise IDWR office relating to compliance of water right issues.

It is proposed to rent the 25.6 acres from water rights 36-196 and 36-15536 owned by Rod and Shirley Jentzsch. Water rights 36-196 and 36-15536 have been leased into the Water Supply Bank since 2010.

The rental is proposed for the 2013 irrigation season only.

ESPA Model analysis for this rental indicates that no mitigation will be required.

Turret Farms Inc. desires to release water right 36-7699 from the Water Supply Bank.

Please inform the water right owner, Jim Baker, Turret Farms Inc. and myself when rental application and release requests have been processed.

Sincerely,

Greg Sullivan, M.S.
