Greg, that will help and I will keep plugging away at this. Unfortunately I have spent a lot of hours on this so far this week, and I am running out of time, as I have some things already scheduled next week that I have to prepare for.

I still have not caught up with Pam either, but I'll stay in touch.
Thanks.
c

Subject: Baker Transfer

Bill and Cindy,

I have attached an aerial map that we prepared for Monica when Brockway amended the lease application for this farm in 2010 and 2011. We had to identify the location of CREP and Leased acres. This may help in your analysis.

I also have attached my updated spreadsheet for keeping track of what water rights are going where regarding the Baker/Smith transfer, Baker's water rights, Jentzsch-Kearl water rights and the Wickel Farm water rights.

Cindy, can you give me a call when you are available this afternoon? I would like to talk to you about what you observed yesterday. Thanks

Greg Sullivan
