**REQUEST FOR ISSUANCE OF DOMESTIC DRILLING PERMIT
WITH CASING SIZE EXCEEDING SIX (6) INCHES**

ROGER CAULION, Applicant, requests the issuance of Drilling Permit for domestic (exempt) purposes as defined in Idaho Code Section 42-111, which authorizes construction of a well with casing size exceeding six (6) inches in diameter. The Idaho Code states, in part:

"the phrase 'domestic purposes' or 'domestic uses' means:

- A. The use of water for homes, organization camps, public campgrounds, livestock and for any other purpose in connection therewith, including irrigation of up to one-half (1/2) acre of land, if the total use is not in excess of thirteen thousand (13,000) gallons per day, or
- B. Any other uses, if the total use does not exceed a diversion rate of four onehundredths (0.04) cubic feet per second and a diversion volume of twenty-five hundred (2,500) gallons per day.

For purposes of these sections, domestic purposes or domestic uses shall not include water for multiple ownership subdivisions, mobile home parks, commercial or business establishments, unless the use meets the diversion rate and volume limitations set forth in subsection B. of this section."

The request is made to drill a 8 inch diameter well for the following reason(s):

☒ A larger diameter is required because of expected limited productivity of formations expected to be encountered, or difficulties in drilling that have been experienced.

☐ The pumping equipment available requires a larger well diameter and will be valved to prevent excessive diversion.

☒ Other Domestic well They want to put two pumps in it

Who owns the property at the point of diversion? _____

Who owns the land to be irrigated or place of use? _____

If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing in behalf of the well owner _____

I acknowledge that use of this well for any other purpose than domestic use as defined under Idaho Code Section 42-111 requires approval by the Idaho Department of Water Resources and that failure to comply is a violation of Sections 42-351 and 43-352, Idaho Code.
