Re: Permit No. 15-7299

The well house is complete and the water under this permit is being put to beneficial use. The statement of completion report and required fee accompany this letter.

A condition of approval for the above numbered permit requires a water use report be submitted in connection with the statement of completion. This report is not yet complete. However, we anticipate completion of this report by June 17, 2013. The City's intent is to submit the completed report immediately thereafter along with other information required by the approval conditions.

Sincerely,

Joan Hawkins
Council President
