Subject: RE: Water Supply Bank Leases

Thank you so much for writing and correcting the error. I am so sorry to have made the mistake. 0.05 is correct. Back in PA we just had rain! We are novices at the water business and don't want to spend so much to have it pumped in etc. Our horses are old. We want the rights to be available should our family sell someday and need them with the house, hence the Bank seems the right choice

Thanks again, Bobbie (Barbara)Boyer

The Department of Water Resources received your requests to lease water rights 37-21889, 37-21855, 37-21872 and 37-21906. After reviewing the applications, it looks like you would the entire water right in the bank. However, on the application for 37-21889 you listed the cfs amount as 0.005. The total cfs for the water right is 0.05. Is this the amount you wanted in the bank or is the application correct? I am attaching a copy of the application. Please let me know as soon as possible so we may continue processing your applications. If you have any questions, please don't hesitate to call.

Thank you. <<DOC043.pdf>>
