Subject: WSB Rental Ap for P4 Production 27-7072 and 1-28F

Hi Lyle,

I believe Monica may have contacted you about the rental application for 27-7072 but I wanted to make sure I don't approve this application until I make sure you don't have any concerns. This is pretty much a duplicate of last year's rental of 27-7072. I will plan on moving on this by the end of the week unless I hear otherwise.

Also, I am getting ready to review rental/lease package application for 1-28F for P4. Does that one ring a bell? I think Monica may have gotten feedback from you too on that one but again, I'm not sure. But one quick thought on that one; do they divert that through the Reservation canal? If so, it sounds like they will have to get feedback from the delivery entity.

Any comments that you have are appreciated. Thanks for your time Lyle.

Cherie
