Re: Change of Ownership for Water Right 36-8589

Dear Ms. Schoth:

After our phone conversation yesterday, I checked the water right license for this water right and your name is not listed as a 'current' owner. You are shown as the 'Present' owner because the department knows you are the real owner but have no proof of such in the file. We need that proof before we can change the water right record. Consequently, changing ownership into your name will require a little more effort on your part than what I initially told you.

Depending on what documentation you have, you have a couple of different options. You can submit a copy of your warranty deed from when you and your late husband purchased the property together if your name is listed on the deed along with a copy of your husband's death certificate **OR** you can supply a copy of the deed of distribution or similar court document giving you sole ownership of the property if your husband's estate was probated through the court system along with the signed Notice of Change in Water Right Ownership form I have enclosed for your use. There will also be a \$25 filing fee.

If you have any questions, please feel free to give me a call. Thank you and I look forward to hearing from you.

Sincerely,

Trish Fawcett
Technical Records Specialist
