Re: source

My review in preparation for licensing 96-9057 involved POD and POU overlap analysis. From that analysis, I found that licensed water rights 96-7168 and 96-7169 appeared at the same PLSS locations. However, the source listed on these two licenses is Steve Creek tributary to the Pack River.

The available DRG layer does not name the creek or stream which crosses this property. I believe that the source may incorrect on both 96-7168 and 96-7169.
