Dear Ms. Case,

Following up on our phone conversation and email exchange from Monday May 6, 2013 I am enclosing a CD with 25 pictures (taken Saturday May 4, 2013) of the two pivots irrigating the Eagle Valley Ranch LLC property located on the north side of the Lemhi River with Water Right 74-745 as shown in the attached map.

I request that you place the enclosed records in the Eagle Valley Ranch file for Water Right 74-745 as evidence that EVR is actively irrigating the above property and intends to maintain and defend its rights to all the water rights appurtenant to all of its lands.

Thank you very much,

Nikolaos D. Monoyios

IRRIGATION

The map depicts the place of use for the water use listed above and point(s) of diversion of this right as currently derived from interpretations of the paper records and is used solely for illustrative purposes. Discrepancies between the computer representation and the permanent document file will be resolved in favor of the actual water right documents in the water right file.
