Lance,

I screwed up and did not include all four water rights owned by Richard and Myrna Windburg. I have amended the Contract of Agreement and attached it to this email. Please sign it and have the Windburg's sign it. I believe a scanned copy will work for Nick Van Dyke.

Nick pointed out to me that the 10% (\$884.00) that you paid did not cover the 10.5 acres of Ward Land and Livestock water rights that we are renting. An additional \$642.60 payment needs to be sent to the Water Supply Bank.

Sorry for missing this the first time around.
