Re: Application for Transfer for Inkom Cemetery District

Dear Reviewing Agent,

Enclosed is an Application for Transfer of Water Right—Points of Diversion for Inkom Cemetery District ("Inkom"). There are currently two existing water ground water rights on their property, right nos. 29-7602 and 29-7909. The first right 29-7602 is diverted out of the existing well. However, the well is inadequate and does not produce during the heat of the summer. The application proposes to add an additional well to supplement the existing well.

In our research, and with assistance by James Cefalo, it was discovered that water right 29-7909 is appurtenant to the Inkom property. The property was purchased from Bob and Raylene Tanner, who also owned the adjacent property to the north of the cemetery. At one time, the Tanner's irrigated both pieces of property from a well under water right number 29-7909. Attachment #1 shows the Tanner's property and the Cemetery in a 1992 photo. The water right place of use is outlined in purple, which was drawn according to an IDWR field agent during a Beneficial Use Field Exam (The original field exam map is also attached as Attachment #2; however, the copy is poor, hence, I recreated it on Attachment #1). The area outlined is about 15 acres and includes a portion of the property later sold to the Cemetery.

Using the metes and bounds description from the Warranty Deed Instrument No. 97022229 (attached to the transfer application), from Bob and Raylene Tanner to Inkom Cemetery District, Attachment #3 demonstrates that 2.4 acres of the water right overlap on the cemetery's property. It is proposed through this application that the water right is split and a proportionate share is changed to the ownership of Inkom Cemetery District. Additionally, the Application for Transfer proposes to change the point of diversion of right 29-7909 to Inkom's existing and proposed wells.

Please contact us if you have questions regarding the application.

Respectfully,

A handwritten signature in blue ink that reads "Kristin Moore".
