### LAPSE NOTICE

RE: PERMIT NO. 94-7442

**IMPORTANT: This permit has lapsed because no written response was received from you by the IDWR. Development and/or use must cease.**

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in the proof due notice dated April 30, 2013. No further construction or additional development is authorized under this permit.

If water was put to beneficial use prior to the date proof of beneficial use was due, you may file proof now, or if you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. You may also request an extension of time if you have been delayed by a government agency, or by litigation that brings title to the water in question.

Either an acceptable proof, or an acceptable extension request must be received by this Department within sixty (60) days of the mailing of this lapse notice in order to reinstate this permit.

Please contact Darla Block at 208-287-4945, if you need additional assistance.

Sincerely,

  
Jeff Heppersack, Chief  
Water Allocation Bureau
