Dear Mr. Walters,

It is my understanding per our phone conversation today that the Eastern Regional office of the Department directed you to file the request for extension of time the department received on April 29, 2013, but in fact D & C Properties LLC is done with the project and has been using the water for industrial use at a Maximum Diversion rate of 0.78 cfs.

The license examination fee required for this permit is \$100.00. The Department will apply the \$50.00 you paid under the extension request to the \$100.00 fee required when filing your proof statement. Please submit an additional \$50.00 to cover the total \$100.00 required.

Upon receipt of your proof statement and the additional \$50.00 required, the Department will then be able to process your proof.

Sincerely,

Darla Block
