Re: Application to Rent Water.

Dear Nick:

Water from the Pioneer Irrigation District is used by Simplot to irrigate 18 acres of corn located near the old Simplot Meats plant near Nampa, Idaho. In preparation for an early cut-off of water delivery from the District, we are preparing for the use of a supplemental water supply to allow us to complete the irrigation season.

Earlier this year water right no. 63-31639, which provides for the irrigation of 76 acres from a groundwater source, was leased to the water supply bank by J. R. Simplot Company. To provide the supplemental source for our crop, the enclosed application seeks to rent 18 acres of water right 63-31639 to be diverted from industrial water supply well located at Simplot Meats.

Please contact me should you have any questions about the enclosed application.

Sincerely,

Vic Conrad
