5. j barg 6/27/2013 Change of Ownership
Comment: 2013 ownership change split complete in error. The original water right was sold from William Bassett to Alfred Hansen. Alfred Hansen then sold the North 1/2 of the Property to son Clarence with 90 inches of water and the South 1/2 to son William with 70 inches of water. Clarence then sold all of his property and 90 inches of water to George Bowles. George Bowles then sold 3 acres to Val and Sandra Bowles. Therefore Val Bowles should not have received any portion of the water right for the Southern 1/2 or 70 inches. Also Val Bowles deed specifically mentions one hook up to the Trout Creek Culinary Water Users indicating he does not receive any portion of the Middle Fork Creek Water Right, unless additional information is provided.
