Subject: RE: Water rights 85-7649 Robert H Ross

Tara,

I will be back up in that area next week 5/29 – 5/30. If he would like to show me the system on 5/30, I am available. I am here at work (208)287-4920 till 3pm today, and tomorrow 5:00am thru 11:30am. If those times aren't convenient, please have him give me a call on my cell phone (208)761-0280 in the evening or anytime on Friday, Saturday, or Monday (since it's a holiday and I'll be home).

Thanks so much for all your help.

Sandy

Sandy,

I will pass this information on to Robert Ross.

Thank you,

Tara

Subject: Water rights 85-7649 Robert H Ross

Tara & Scott Ross,

I am working on the licensing review for water right 85-7649, for Robert H. Ross 115 Moughmer Point Rd., Cottonwood, ID 83522, and do not have a current phone number for him. If you have one, could I please get that from you?

The approved permit for 85-7649 states that the source is "groundwater, 2 wells" with the beneficial use being for 10 horses, 10 cows and calves (stockwater). The location for the place of use is for property directly west and northwest of where your home/shop are located. Do you know if Robert still owns this property or not, and if not who the current owner is and their contact information? The proof of beneficial use that was submitted in 1999 states that the source is a "stream/spring," so maybe there was a change when the system was developed.

I will be back up in that area the end of this month, and would like to conduct a field examination to be able to license this water right. Any help that you can give me would be greatly appreciated.

Thanks so much,

Sandy Hemenway

Sandy,

You left a note at our place on May 17th to give you a call. We live at 1980 Graves Creek Rd., Cottonwood.
What can we do to help you?

Thank you,

Tara & Scott Ross
