RE: Change in Ownership Water Right No. 27-7082

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** copy of a 'recorded' Deed, Title Policy, or other legal documentation indicating your ownership of the property and/or water right in question. The deed submitted with your application only covers a portion of the water right. There is a portion of the right included in the 'exceptions' portion of the legal description. According to the taxlot data you own the entire place of use. If you do own the entire place of use please submit a deed for the following parcel numbers: RP0500203, RP0499404 and RP0499401. I have attached a map showing the parcels in question.

According to the notes on the file the department last spoke with Brian Esplin on May 6, 2013.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
