RE: Change in Ownership Water Right No. 11-7551

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** copy of a 'recorded' Deed, Title Policy, or other legal documentation indicating your ownership of the property and/or water right in question. According to the information received with the application Janet and KC Smith only purchased a portion of the ground associated with the water right and split would be required unless additional information could be provided. According to the information on file the department contacted Janet Smith on May 14, 2013, she indicated the water right should not require a split so she would work on getting a Quit Claim Deed for the water right only from the previous owner of the water right according to the records filed with the department.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
