RE: Application for Permit 63-33770

Dear Applicants:

We are reviewing the above referenced application for permit that you submitted in May of this year.

Upon review of your application, we found that the drilling permit fee paid in June of 2005 is not sufficient for this proposal. The fee paid was for a domestic well for one home. The correct fee for a drilling permit for a well to be used for irrigation purposes is \$200.00. Since only \$75.00 was previously paid, we request that you submit an additional \$125.00 to upgrade the drilling permit fee. Please note on your check that the money is for "Well Tag No. D0039361". If you do not upgrade the drilling permit fee, we may withhold licensing of your development in the future. Please submit the upgrade fee at your earliest convenience.

If you have any questions regarding this matter, please do not hesitate to contact me at (208)334-2190.

Sincerely,
