13N 22E 19	X								X								

CONDITIONS OF APPROVAL

1. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.
2. This right, when considered with all other rights common to the same grazing allotment, is limited to the quantity of water beneficially used by the number of stock within the allotment.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 73.
4. Project also known as Rattlesnake Pipeline
5. This right does not grant any right-of-way or easement across the land of another.

Department of Water Resources
Water Right License

WATER RIGHT NO. 73-12200

6. The system established for delivery of water to stock trough(s) under this right shall be fully enclosed and shall be equipped with an automatic shutoff valve or a mechanism for returning unused water to the source through an enclosed system.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 24th day of June, 2013.

for GARY SPACKMAN
Director
