REQUEST FOR EXTENSION OF TIME

To provide additional time in which to submit proof of beneficial use for a water right permit

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof or beneficial use of water. There is a **FILING FEE of \$50.00** to be included with this form when filed with IDWR.

Permit no. 93-07175 Date proof is due 06/2012 Start; 09/2013 Finish

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

The pond has been mapped out, we have started cutting bush and trees out of the area that is marked for the pond. The heavy equipment operator of the D-8 cat cannot get into the area because of wet ground. He has gotten stuck trying to get the equipment in and had to use other equipment to get it out. We will need to work the pond in the fall or in the dry winter months - only during the dry season so that we do not have the problem with having the equipment get stuck. This extension will also allow us more time to get parts of the work done during the drier parts of the year.

Costing _____

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The wet spring seasons have prevented the heavy equipment from getting into the area. We have been out in mid-July and the ground is still too wet to support heavy equipment. The additional requested time will allow us to work during the dry seasons in the fall and winter months only.

Permit holder(s) request an extension to September 30, 2018.
