RE: Water Right 67-11358

Dear Mr. and Mrs. Rocha:

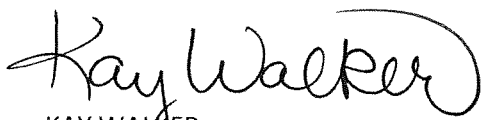

We are in receipt of the change in ownership form that you submitted for the above referenced water right. We find, however, that we cannot complete this change as requested. In review of our records, and the deed you submitted, we find that you purchased property from the Funkhousers but not the property that a house is located on. The above referenced water right is for a domestic use and we can see only one home on the aerial photography of this area and it is not located on the property you purchased. If you purchased a home with this property, then this water right would belong to you. If you think this water right is yours, please submit a map or aerial photograph that shows your property and the house that you purchased.

~~We will hold your ownership change request for 30 days pending additional information.~~ If we don't receive a map showing that you purchased a home, we will return your ownership change form to you and request a refund of the \$25.00 filing fee from the State Auditor's Office.

It appears that the land you purchased is irrigated with water from the Weiser Irrigation District. You need to contact the irrigation district to change the names on the shares that are used to irrigate the property. We issue the water rights to the irrigation district and they distribute the water to their share holders. We do not complete name changes for their water shares.

If you have any questions in this regard, please do not hesitate to contact this office.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
