Good afternoon,

I'm covering all bases today – don't know now to whom I should specifically be sending this.

Please publish the enclosed legal notice on the dates indicated, June 20 and 27, 2013, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This should be very close to press ready, and it's set in 2-column format. We prefer that layout if possible.

Please send a proof/preview copy for my review before this actually goes to press.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 7/8/2013. Your cooperation is greatly appreciated.

Thanks for all your terrific help, and have a marvelous rest of the day.

Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Huntley:

The Idaho Department of Water Resources is currently reviewing your application for a new water right. The original application needed to be adjusted to include all of the elements required for the storage of water. Please review the attached application and if it meets with your approval, sign and return the document to me within the next 30 days so as not to delay further processing.

The existing pond seems to have been constructed between 1992 and 2004, when it first appeared on an aerial photograph. The pond also appears to be located approximately one half on your property and the other half on your neighbor's property, which presents a little bit of a dilemma for the department. Whatever fluctuation occurs in the pond, due to your application, will have an effect on the neighbors' property.

The department requests that you supply a letter, from your neighbor, explaining how he or she feels about the issuance of a water right from the pond. If a letter is not possible, the department will send a copy of the application to the neighbor requesting a response before final processing can occur.

If you have any questions, feel free to contact me at this office.

Thank you.

Sincerely,

Keith E Franklin
Program Manager, Northern Region
