RE: Change of Ownership for Water Right Nos. 37-7189 and 37-10397
Change of Ownership in Assignment of Application for Permit 37-8735

Dear Mr. and Mrs. Shaw,

The department acknowledges receipt of correspondence changing ownership of the above referenced Water Rights and Assignment of Application for Permit to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Water Right 37-10396 was not change at this time. During our review of the documentation submitted we found some discrepancies between the documentation submitted and the legal description of the place of use. (See enclosed) Further documentation is required to complete the ownership change.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right and assignment of application for permit to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact me or Cindy Yenter at this office if you have any questions regarding this matter. (208)736-3033.

Sincerely,

Carrie Hahn
Clerk
